Accessibility Plan

November 2024 – 2026

Policy Reviewed and updated

November 2024

Statement of intent

At Bedford Primary School we are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. We endeavour to support all children towards achieving their potential, regardless of ability, social background, or cultural/ethnic differences. We will ensure reasonable adjustments are made to meet the needs of individuals, whenever possible.

The achievements, attitudes and well-being of all our children matter. Bedford Primary School promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background.

Our school aims to be an inclusive school. We actively seek to remove barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils.

We acknowledge that there may be times when this is impossible or inappropriate, despite our wishes or best efforts.

This plan must be adhered to by all staff members, pupils, parents and visitors.

A person is defined as having a disability if they have a physical or mental impairment that has an adverse, substantial and long-term effect on their ability to carry out normal day-to-day activities.

In line with the Equality Act 2010, the school does not unlawfully discriminate against pupils because of their age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, pregnancy or maternity, marriage or civil partnership.

Roles and responsibilities

The governing board will be responsible for:

- Monitoring the Accessibility Plan.
- Approving the Accessibility Plan before it is implemented.

The headteacher will be responsible for:

- Creating an Accessibility Plan with the intention of improving the school's accessibility, in conjunction with the governing board

- Establishing whether a new pupil has any disabilities or medical conditions which the school should be aware of

The SENDCO will be responsible for:

- Working closely with the headteacher and governing board to ensure that pupils with SEND are appropriately supported.

- Ensuring that their actions do not discriminate against any pupil, parent or colleague.

All staff members and governors will partake in whole-school training on equality issues related to the Equality Act 2010. Designated staff members will be trained to effectively support pupils with medical conditions, for example, understanding how to administer insulin, in line with the Administering Medication Policy.

Accessibility Plan

The school's Accessibility Plan demonstrates how access will be improved for pupils with disabilities, staff, parents and visitors to the school within a given timeframe. It will be presented as either a freestanding document or as part of another document, such as the School Development Plan. The Accessibility Plan will be structured to complement and support the school's Equality Information and Objectives Policy, as well as the Special Educational Needs and Disabilities (SEND) Policy.

The plan has the following key aims:

- To increase the extent to which pupils with disabilities can participate in the curriculum
- To improve and maintain the school's physical environment to enable pupils with disabilities to take advantage of the facilities and education on offer
- To improve the availability and delivery of written information to pupils, staff, parents and visitors with disabilities.

The intention is to provide a projected plan for a two-year period ahead of the next review date, which will be in November 2026. If it is not feasible to undertake all the plans/works during the lifespan of the Accessibility Plan, some items will roll forward into subsequent plans.

The school will provide adequate resources for implementing plans, ensuring pupils are sufficiently supported.

The Accessibility Plan will be used to measure the necessity of making reasonable adjustments in order to accommodate the needs of people with disabilities where practicable. It will be used to advise other school planning documents and will be reported upon annually in respect of progress and outcomes.

The school will collaborate with the LA in order to effectively develop and implement the plan. The LA will prepare accessibility strategies based on the same principles as the school's Accessibility Plan. The LA will also provide auxiliary aids and services where necessary to help the school provide suitable support to pupils with disabilities.

An access audit will be undertaken by the governing board and SENDCO every year.

During Ofsted inspections, the inspectorate may include the school's Accessibility Plan as part of their review. The Accessibility Plan will be published on the school website.

Equal opportunities

The school strives to ensure that all existing and potential pupils are given the same opportunities, and is committed to developing a culture of inclusion, support and awareness. The Accessibility Plan will detail any barriers which are hindering the opportunities for pupils with SEND. The aim of the plan is to take appropriate measures in order to overcome these barriers, allowing all pupils equal opportunities.

Staff members will be aware of any pupils who are at a substantial disadvantage and will take the appropriate steps to ensure the pupil is effectively supported. Wherever possible, teaching staff will adapt their lesson plans and the curriculum to allow all pupils to reach their full potential and receive the support they need. The school will ensure that all extracurricular activities are accessible to all pupils and make reasonable adjustments to allow pupils with SEND to participate in all school activities.

Admissions

The school will act in accordance with its Admissions Policy (the LA admissions policy). The same entry criteria will be applied to all pupils and potential pupils.

The school will strive to not put any pupil at a substantial disadvantage by making reasonable adjustments prior to the pupil starting at the school. All pupils, including those with SEND, will have appropriate access to all opportunities available to any member of the school community.

Information will be obtained on future pupils in order to facilitate advanced planning. Prospective parents of pupils with EHCPs, and other pupils with SEND, are invited to a transition meeting prior to the pupil starting school in order to discuss the pupil's specific needs.

Curriculum

The school is committed to providing a healthy environment that enables full curriculum access and values and includes all pupils regardless of their education, physical, sensory, social, spiritual and emotional needs. No pupil is excluded from any aspect of the school curriculum due to their disabilities or impairments. The school aims to provide a differentiated curriculum to enable all pupils to feel secure and make progress.

Teachers and SENDCO will work together to adapt a pupil's SEN Support Profile, with advice sought from outside agencies where appropriate, to allow all pupils to reach their full potential.

Where areas of the curriculum present challenges for a pupil, these are dealt with on an individual basis. The class teacher, in discussion with the pupil and their parents, will ensure that all adjustments possible, in line with common sense and practical application, will be made for any disability or impairment. Physical education lessons will be adapted, wherever possible, to allow pupils with disabilities to participate in lessons.

There are established procedures for the identification and support of pupils with SEND in place at the school. Detailed pupil information on pupils with SEND are given to relevant staff in order to aid teaching, e.g. One Page Profiles and SEND Support Profiles.

Specialist resources are available for pupils with specific difficulties. Teaching assistants are deployed to implement specific English, Maths and speech programmes.

Physical environment

The school is committed to ensuring that all pupils, staff members, parents and visitors have equal access to areas and facilities within the school premises. There are no parts of the school to which pupils with disabilities have limited or no access to.

The school has toilet facilities suitable for people with disabilities which are fitted with a handrail and an emergency pull cord. There are provisions for nappy changing.

Where entrances to the school are not flat, a ramp is supplied for access. Wide doors are fitted throughout the school to allow for wheelchair access. Lighting is designed to support those who are visually impaired.

Monitoring and review

This policy will be reviewed every three years or when new legislation or guidance concerning equality and disability is published. The governing board and headteacher will review the policy in collaboration with the SENDCO.

Equality impact assessments will be undertaken as and when school policies are reviewed
