

Sefton Family Life Toolkit

Families can now access services offered by the Sefton Family Life Toolkit a simple, supportive online space for residents in Sefton. Whether you're expecting a baby, raising children or supporting a teenager, the Sefton Family life Toolkit helps you find advice, activities and local services. The service includes pregnancy and early years support; .

parenting advice; SEND information and guidance; health, education and wellbeing; local events, activities and food programmes; Family Hubs and community support. The automated pathways on the service are a step-by-step route that guide families to the right information, reminders and local support at the right time. To access the family toolkit go to

Tesco blue tokens – vote for Bedford!

BEST, Bedford Primary's school charity, which supports our families, has been chosen by Tesco as one of its charities to be eligible for a grant of up to £1500. You can vote for BEST at a selection of local Tesco stores by asking for blue tokens at the checkout and placing them in the plastic receptacle with BEST's name on. The more blue tokens which are placed for BEST the better chance we have of receiving the most votes – so don't forget to place your token the next time you're in Tesco.

Important reminder: Toys, fidgets and chewlry from home

We have noticed a large number of 'squishy toys/fidgets' and chewlry being brought into school from home recently.

While we completely understand that these items are very popular, they can unfortunately cause upset when they are lost, misplaced, or swapped between children.

We kindly ask that all toys, fidgets and chewlry from home are left safely at home.

Please be assured that if a child requires sensory items to support their learning or regulation, these will be carefully selected and provided directly by the school.

Thank you so much for your continued support and cooperation.

Bulloughs
CLEANING
SERVICES

VACANCY: SCHOOL CLEANER WANTED AT BEDFORD PRIMARY

FootGolf fun for Team Bedford

A group of our Y6 children represented Bedford Primary at a recent FootGolf competition at Aintree Golf Course. FootGolf involves players kicking a standard size-5 football into an oversized 21-inch diameter cup in the fewest number of shots possible, following the general layout and scoring system of traditional golf. 'Our Bedford FootGolfer's picked up the game and the rules like the true professionals they are,' said Mrs Gingell. 'Everyone had a brilliant time learning a new game and skills and competing against other schools in the area.'

Reception Families: invitation to meeting

We are looking forward to welcoming Parents of our Reception children on Wednesday 7th October in our School Hall. Families will learn about our phonics programme and will also have the opportunity to watch their child being taught phonics in class. We would encourage all our Families to come along to the meeting and gain knowledge which will help them work with their children together on phonics.

DISCO

TJ the DJ had the whole school rocking spinning his tunes at the Bedford October disco on Thursday. The children had so much fun with their friends, dancing, eating their treats from the Tuck and enjoying TJ's games.

Thank you to our Families for your support: all profits raised at the disco go towards BEST, our school charity, which supports our children.

Joseph's Titanic

We are very proud to present to our readers our amazing Joseph, who has designed and constructed this amazing model of the sister ship of the Titanic, the Britannic, from paper, tape, loom bands and cardboards. 'I like to make my own boats because I love to make stuff that I can place – I couldn't find any toys I liked so I decided to make my own.'

Joseph has also designed a 'Cardboardian Cruiseline' – we look forward to seeing it set sail in the future!
